

Letter of recommendation

Aleksandra Riabcew – Zielonka

Ms Aleksandra Riabcew-Zielonka has been employed at Advantis language school at the position of English teacher since 1 December 2012.

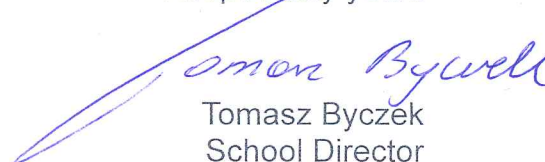

Having great knowledge of English, she teaches general and business English both to groups and one-to-one classes. Through the use of a wide range of teaching techniques she provides engaging lessons which involve students in pursuing their language goals. Thanks to her ability to build great relations with students, they are always eager to participate in her classes. She is a highly communicative, open and kind person, both towards students and our office employees.

Another aspect worth mentioning is her compliance with our school administrative duties - she always fills out class registers on time and meets deadlines connected with reports and any other paperwork.

Taking into consideration the above opinion, I have complete confidence in Ms Riabcew-Zielonka and I can recommend her as a highly competent and ambitious language instructor.
